

# Compliance Assistance Tailored to You

Provided by Azzule CORE Support Services

## Stress-Free Regulatory Support

*Solutions To Get You Ahead In A Changing Industry*

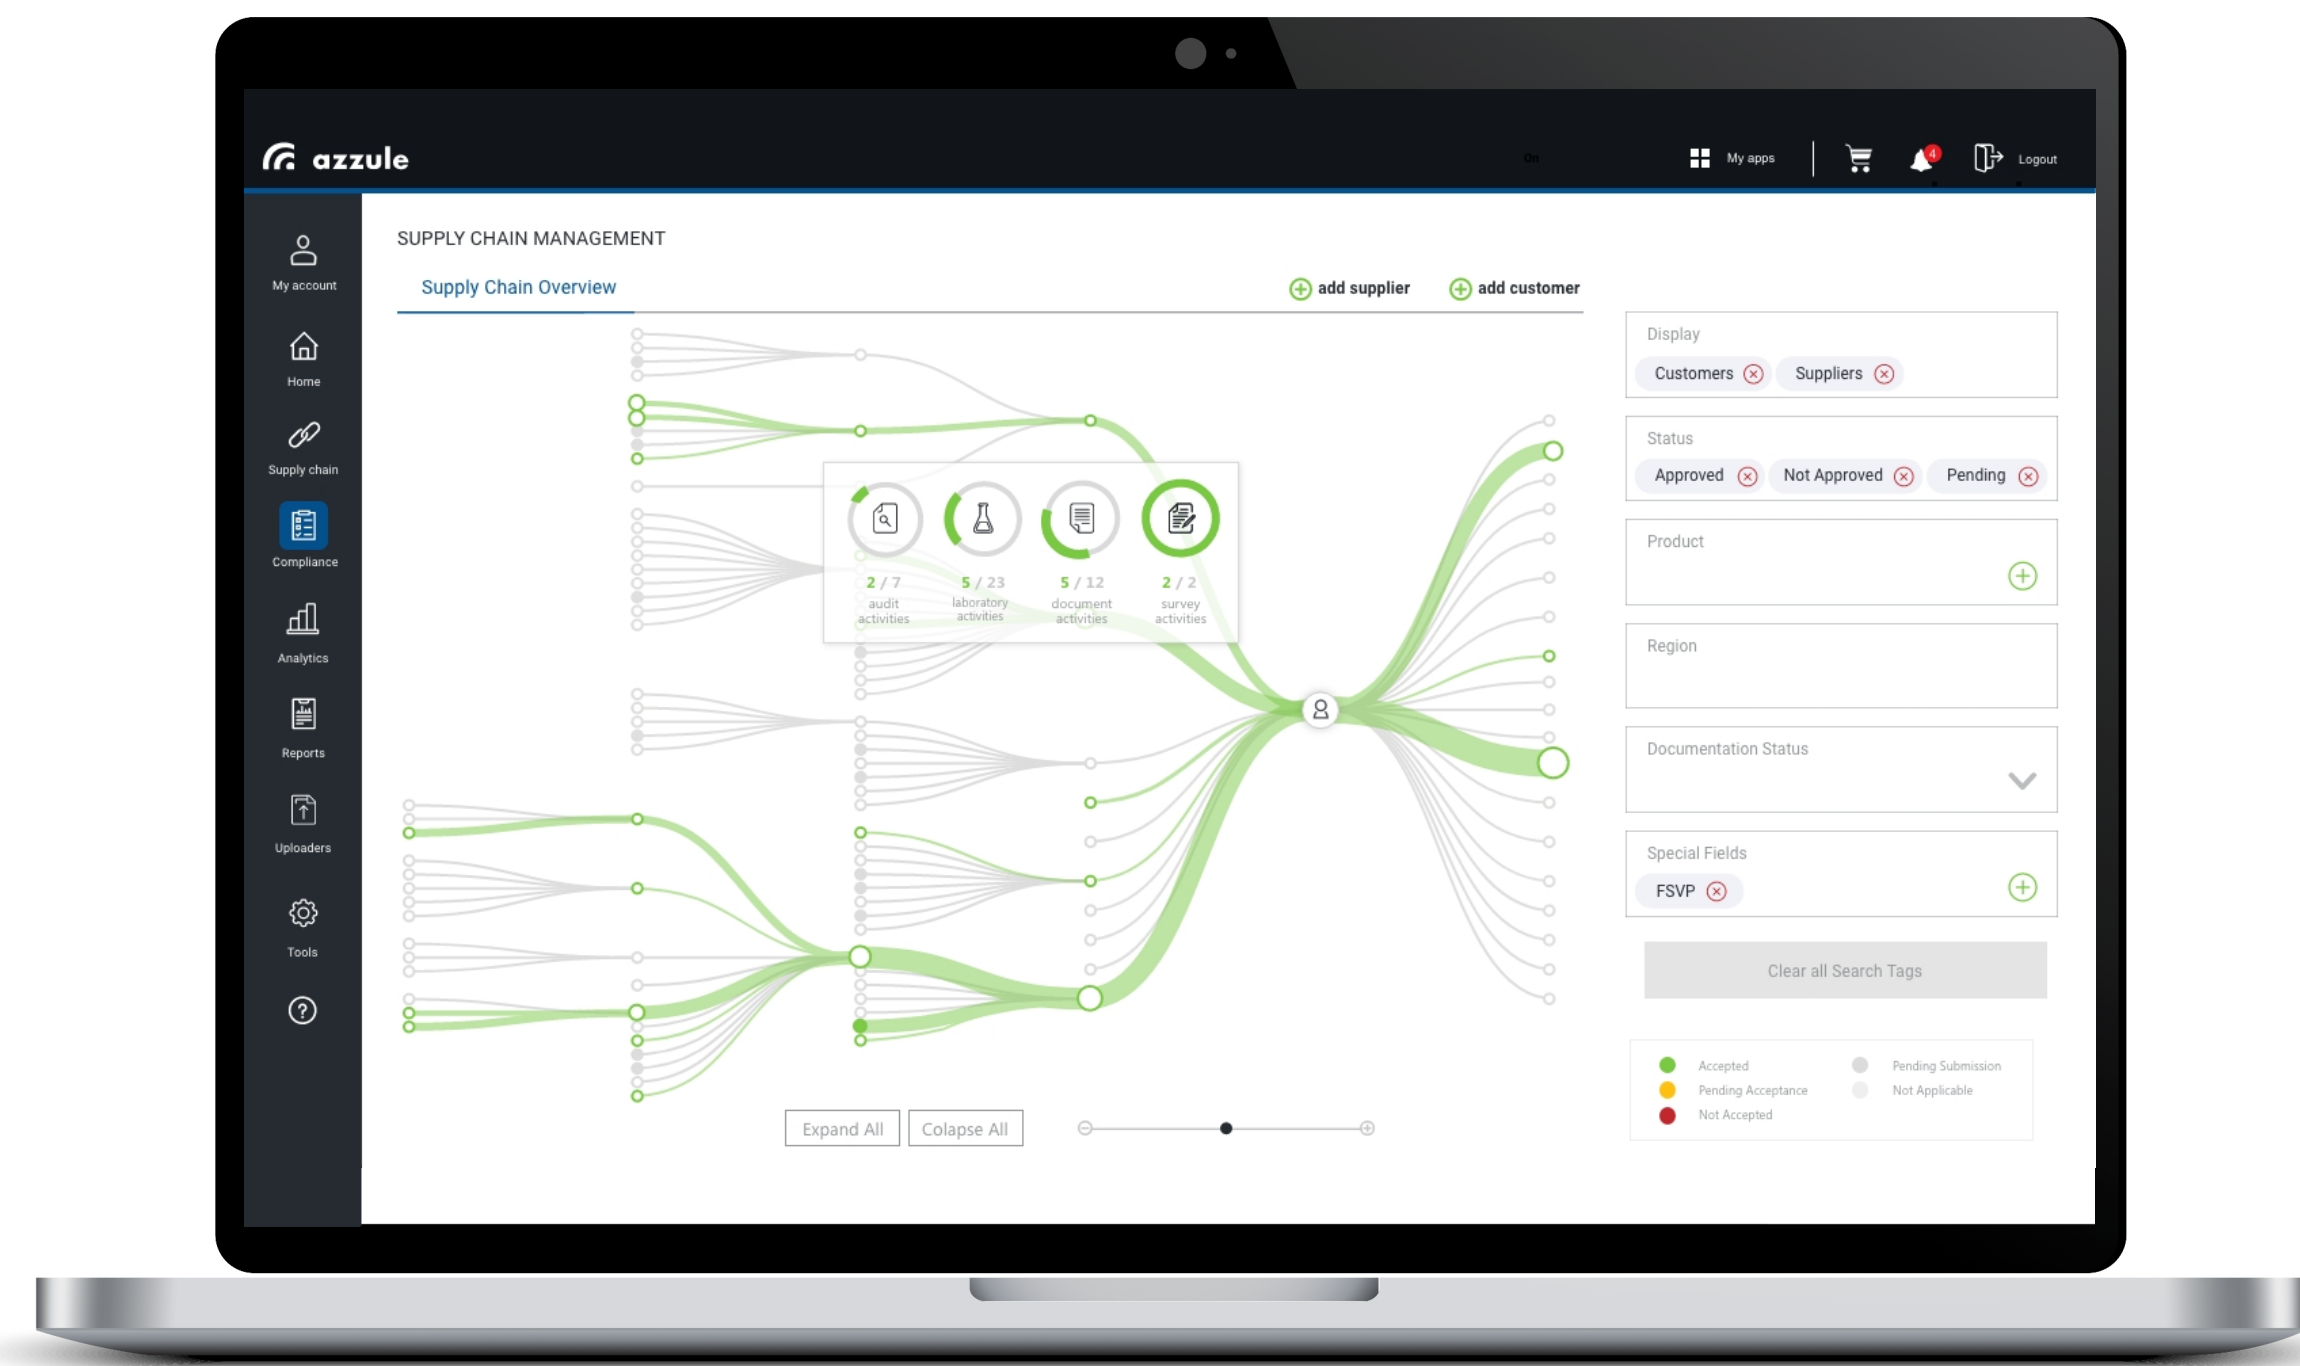

Azzule CORE Support services were designed to alleviate the added pressure of complying with FSMA, saving you time, cost, effort, and uncertainty.

Perhaps you are the lead Qualified Individual (QI) who needs administrative or technical support or an owner/operator still looking to get started on your Foreign Supplier Verification Program (FSVP). Either way, Azzule provides the support you need to tackle the job ahead.

## What's Included

- Affordable FSVP Program Management
- Foreign Supplier Approval Guidance
- Document Retrieval and Verification

feat. Azzule Supply Chain Map

- Fast FSVP Implementation
- Dedicated Team of Qualified Individuals
- Dedicated Team of Support Staff

## Simple, Scalable Pricing

Pricing is based on scale, making Azzule CORE Support affordable and accessible for operations of all sizes.

## Who We Work For

You are an importer, broker, processor, distributor, and do not quite know how to go about getting started.

- You have not designated a QI and need to get started.
- You have designated a QI and need more support.
- You are your company's QI and need support.

## How We Work:

### You grant us permission...

Your needs, team, company, facilities, products, and foreign suppliers.

### We get to work...

discovering, building, gathering, evaluating, and monitoring your foreign suppliers and their verification activities. See Getting Started.

### You make decisions...

using the Azzule platform and the evaluations performed by your Azzule CORE Support QIs.

# Getting Started

How do you get started with Azzule Core Support and hiring us on as...

## We Discover

We take a look at your and your suppliers' information and get to know your importing operation.

## We Build

We configure your Azzule platform and build your FSVP program and requirements, at your direction.

## We Gather

We take on the burden of reaching out and collecting what's needed from your foreign

## We Evaluate

Your Qualified Individuals review the applicable documentation with care and make

## We Monitor

FSVP doesn't stop and nor do we. We keep your program up-to-date and help you address issues as they arise.

1

## You Pass The Torch

You provide us with the information you have available and introduce us to your foreign suppliers.

2

## You Follow Along

With our team at work you are welcome to follow along and learn the ins and outs of your FSVP.

3

## You Save Time

Our goal is to save you from spending vast amounts of time on admin-level tasks like this.

4

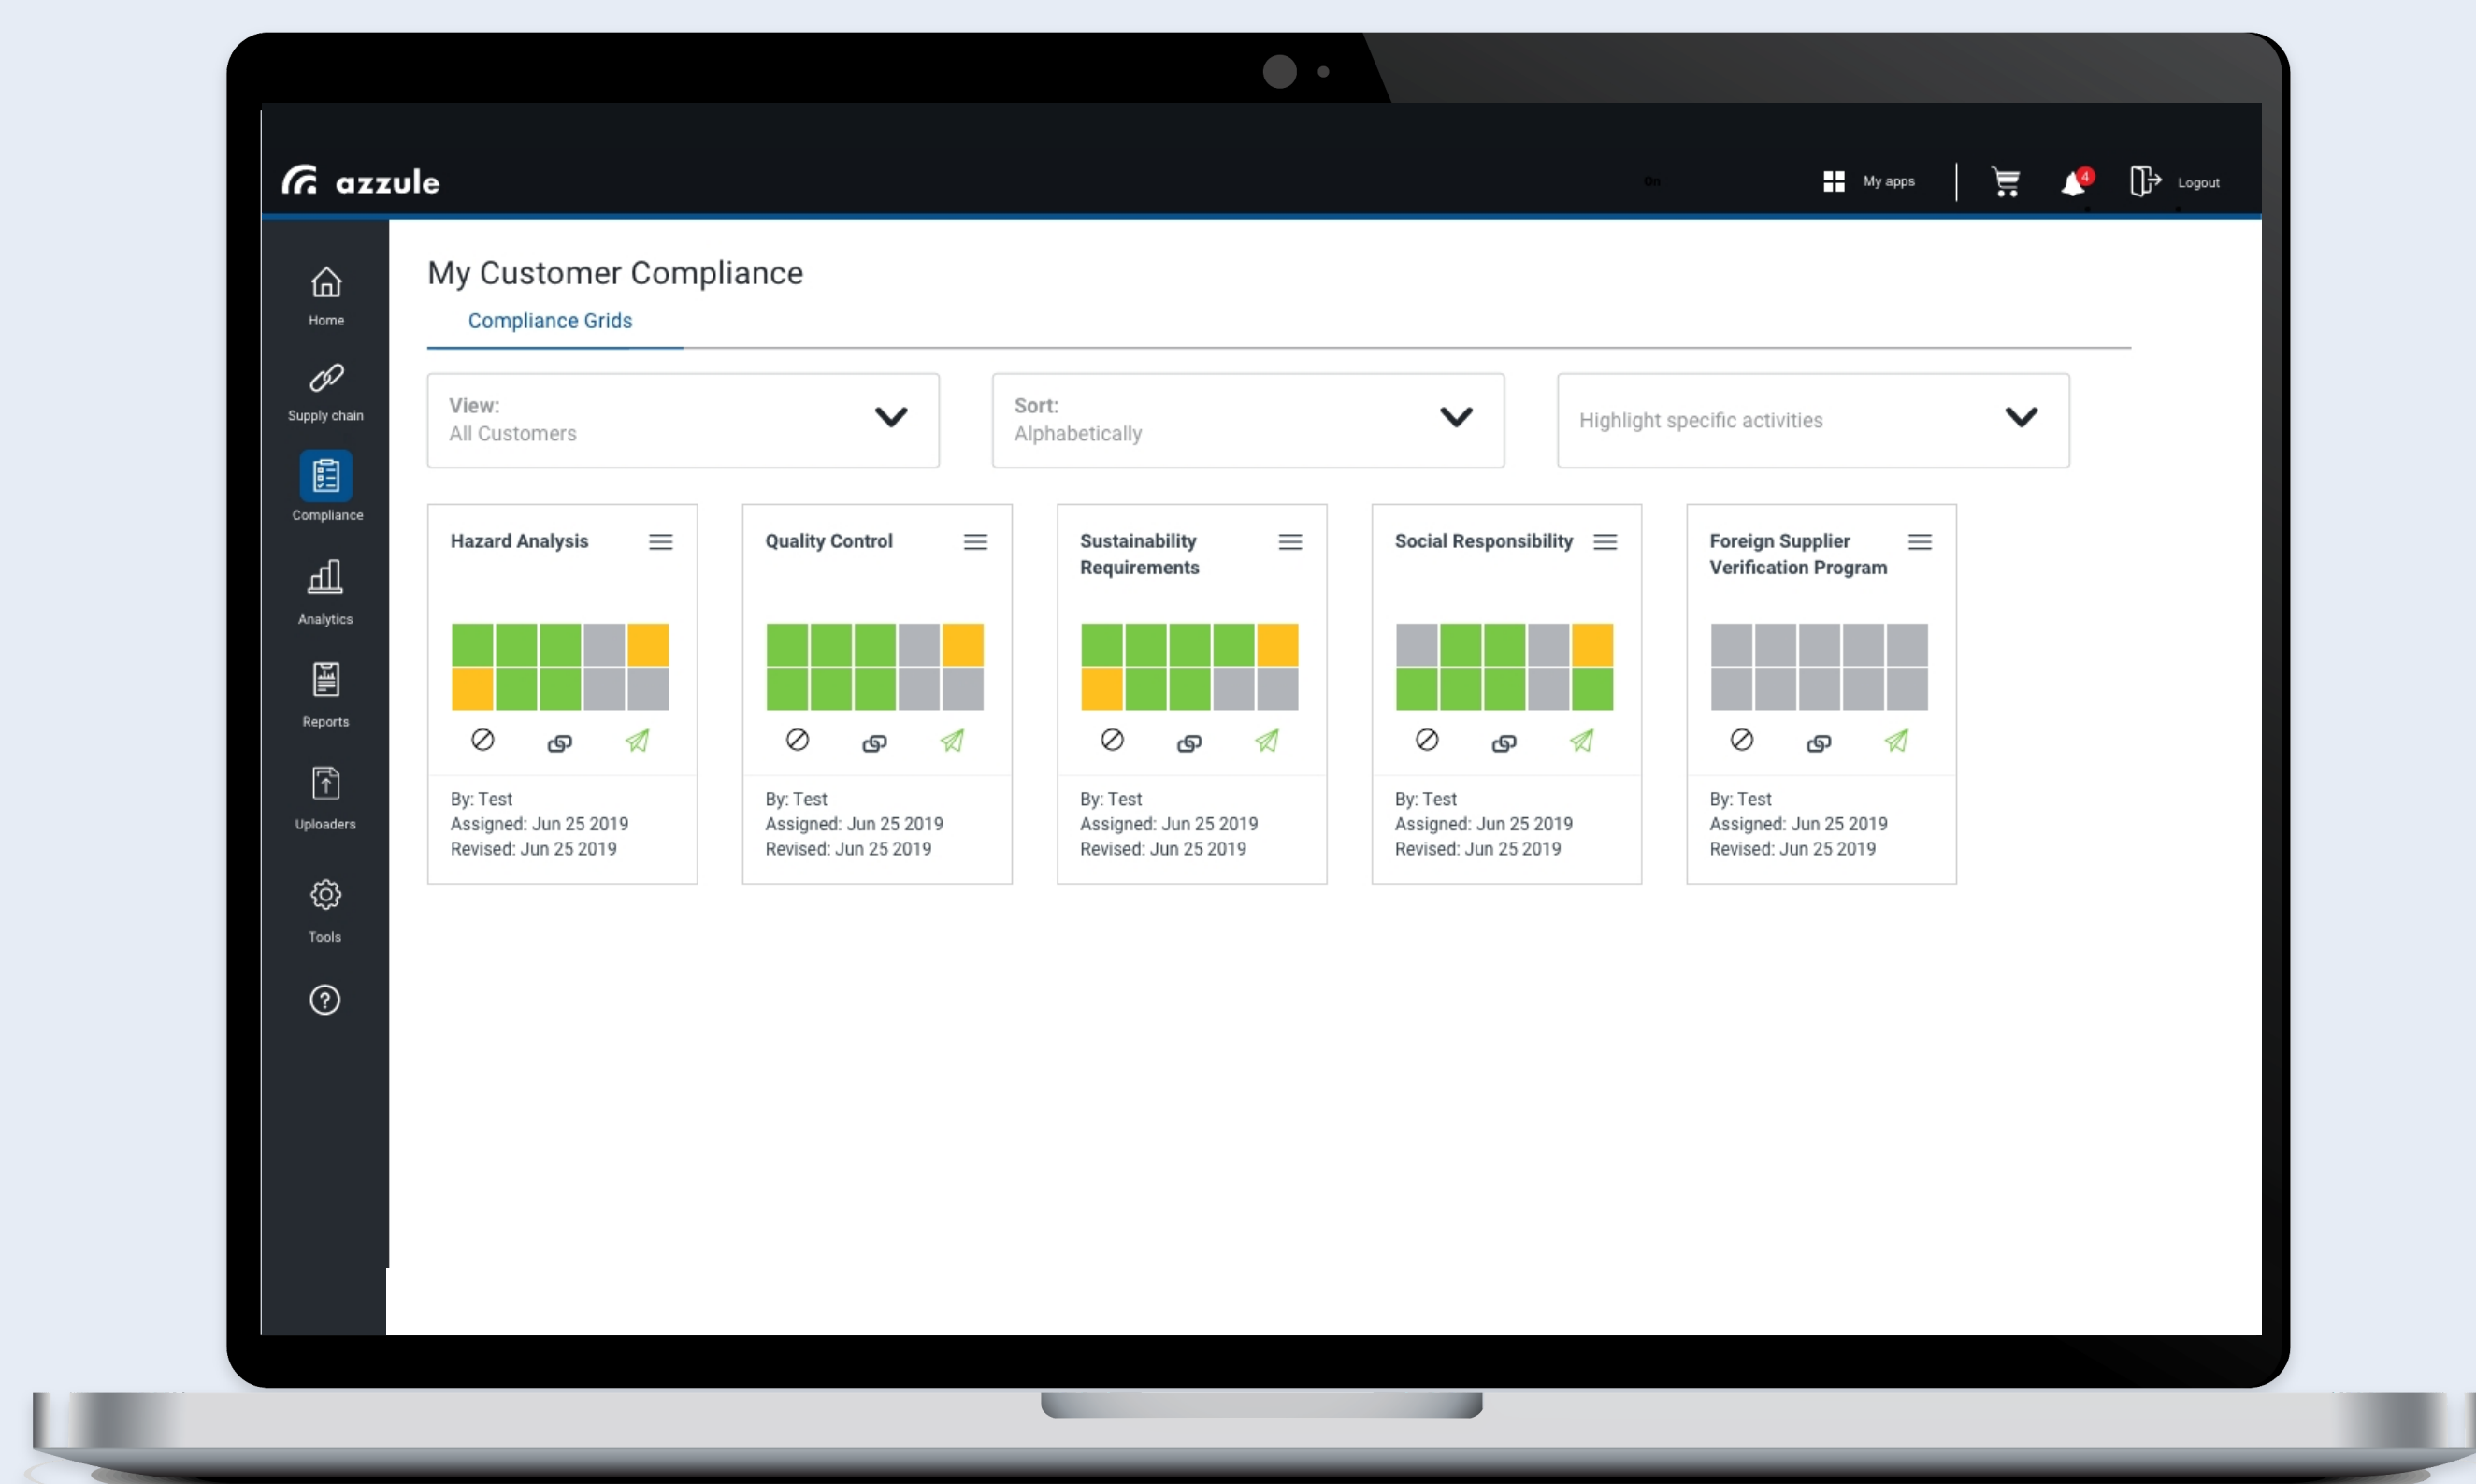

## You Make Decisions

Use recommendations and one-click approval features to make and keep records of decisions.

5

## You Have Peace Of Mind

Continue your work and trust that CORE Support always on the job. You will maintain full access and control over your Azzule account and FSVP.

## Leverage the Azzule Platform Advantage

Your Azzule account includes documentation, supplier, and compliance management tools that Core Support uses on your behalf to build and execute your program.

- Check on progress.
- Download documentation for inspections.
- Take over your FSVP program without disruption.
