

Strengthen Your Supply Chain with Azzule CORE Support

Navigate the complex world of FDA regulations with Azzule CORE here to support you at every step. Let our compliance experts build your robust foreign supplier verification program to satisfy FDA's requirements and help you excel in the global market!

Keep Your Product Moving Across Borders

Stay ahead of compliance issues and promote business growth with Azzule CORE! Our team builds and maintains your foreign supplier verification program (FSVP). This allows you to establish compliance with FDA and client expectations, and have representation for future FDA inspection.

Effortlessly Handle FDA Inspections

During an FDA inspection, you're never alone with Azzule CORE. Our experienced qualified individuals have a successful track record of helping our clients pass inspections. We have the experience to know what inspectors look for and how to respond.

Validate Your Strong Supply Chain

Connect your entire supply chain, from suppliers to customers, on the secure Azzule platform. Gain a competitive advantage when you build a digital representation of your supply chain, backing your products' integrity through real paperwork.

Access Your Compliance Documentation With Ease

Azzule provides easy access to information FDA investigators look for, such as training records for Qualified Individuals and years of documented approvals with foreign suppliers.

Streamline the inspection process and have the required documentation readily available on the Azzule platform.

Comply with FDA Regulations

Azzule CORE guides you through every step, from determining food hazards to evaluating risks and conducting supplier verification activities.

We handle connecting your supply chain, translating documents, centralizing reviews, and verifying corrective actions.

Build Trust with Potential Customers

Showcase your commitment to food safety with Azzule CORE, making you a preferred choice for potential customers.

Get connected to over 15K+ companies on our secure supply chain platform to easily promote your services as a trustworthy business partner.

Tackle Compliance Challenges With Confidence Today.

Contact us today to learn more about our regulatory support service, and how we can help you comply while building a reputation for quality and reliability. Trust Azzule CORE for a secure and successful future!
