

Know Your Sample Points

PrimusLabs Rotations

Take the guess work out of your Environmental Monitoring Program (EMP) and address FSMA's Preventive Controls Rules with the help of rotations. PrimusLabs helps your company develop customized rotations unique to your facilities. With predetermined sample points on a trackable rotation schedule, you can more efficiently identify problematic areas with consistent and cleaner data.

Save time and money with hassle-free rotations. Ensure your peace of mind by knowing that you have a better representation of your facility.

Simplify your facility testing process today!

when food safety counts

1. SEND US THE BASICS

Simply provide PrimusLabs with facility maps, sample points and your testing plan. If you are near one of our locations, our experts can provide a facility walk through.

2. SAMPLING SUPPLIES

PrimusLabs will send complimentary sampling kits for overnight delivery. Why pay for swabs and sponges when they are **FREE** to clients testing with us? We will even share our heavily **discounted shipping labels** with you!

3. SUBMIT YOUR SAMPLES

Use your new rotation form and sampling kit to collect your samples. Once sampling is complete, send your samples and rotation sheet to your nearest PrimusLabs location. Yes, it is that easy!

***Note shipping fees apply to all supply requests.**
